

Book Fair at The Asian School, Dehradun

As part of the ongoing Founders' Day Celebrations the Book Fair at The Asian Acres is a regular feature. It is a three day event which was inaugurated by Mr. Das , Principal, The Asian School on October 12 ,2017.It was heartening to see that in the time of internet & 'kindle' children thronged to buy books and showed interest in the variety that was available. The exhibitors 'Natraj Publishers' displayed books for children covering a wide range from comics, books on general awareness to fiction .They even cater to personal demands and gladly make the books available the next day. This year the trend has been set for candid poetry with girls showing keen interest in modern poetry by Rupi Kaur. The smaller children are still caught up in the world of fantasy, fairy tales and Mickey Mouse. The boys seem to have developed interest in critical thinking as they enthusiastically demanded books on specialized puzzles, analytical thought process, on logic and behavior.
