The junior school choir of the Asian School enchants the inmates at Antara

'Respecting and caring for elders' is one of the moral values inculcated in the students of 'The Asian School'. In the light of the same the students visited the senior citizens (residents of Antara) in Dehradun on 17th May 2019. The Junior school band '**Junior Groovers**' exclusively performed melodious songs like 'Meri Pyari Ammi' , 'Mom' and 'The Climb' for the inmates. The children gave the elders a few moments of joy which were wholeheartedly appreciated evident with their joyous laughs and hushed giggles. The main objective of the visit was to sensitize to the predicaments and problems of the inmates, to become aware of the joy of serving and being among the elders. To wrap it up it was a wonderful experience and an opportunity to discover empathy within the children. Though the time spent by the children with the seniors was just a few hours, however the visit left a deep impact teaching the children valuable lessons of compassion. It was a poignant experience to interact with the seniors and the students came back with memories to cherish. The day turned out to be a fruitful one providing a positive learning experience for the children.
