CBSE/CE/PPS/2022

Dated:-23.07.2022

To

The Principal/ Head of the Institution
Schools affiliated to CBSE

Sub:- Calculation/computation of result, 2022 of both Classes X and XII-reg

Madam/Sir,

You are aware that in the year 2022, examinations of both Classes X and XII were conducted in two terms i.e. Term I and Term II. The result of both the classes has been declared on 22.07.2022. While computing the result, Term I has been assigned 30% weightage and Term II has been assigned 70% weightage. Accordingly, final results have been computed.

To make the students and schools aware of the computation of the results, the following example is given:-

TERM I		TERM II	
Maximum Marks assigned to theory	40	Maximum Marks assigned to theory	40
Maximum Marks assigned to Practical/IA	10	Maximum Marks assigned to Practical/IA	10
Marks secured in theory	30	Marks secured in theory	20
Marks secured in Practical/IA	09	Marks secured in Practical/IA	08
Calculation of 30% weightage of theory in Term I		Calculation of 70% weightage of theory in Term II	
Double the marks secured in theory	30x2=60	Double the marks secured in theory	20x2=40
30% of 60	18	70% of 40	28
So, 30% marks of Term I would be	18	So, 70% marks of Term II would be	28

Final Marks in theory = 18(Term I) +28 (Term II) = 46

Final Marks in Practical/IA =09+08=17

Total Marks in the subject= 46(Theory)+17(Practical/IA)=63

(Handwritten signature)

Page-2

It is requested that if any student wishes to apply for verification of marks in any subject (to be started from 26.07.2022) or wishes to know how the result has been computed, the same may be explained using the above example.

I am confident that your efforts will help the student in unnecessary applying for the verification process and save time.
