Dear Parents,

The winter break from school is often filled with travel plans and activities but it is important to keep your child learning over these weeks. Because kids also need a break from school and a chance to play, the best educational activities are ones where kids don't realize they are learning!

Few tips to make the vacation a fruitful time for your child

- ❖ It's **WINTER TIME** again. Time for **strengthening family bonds, tying threads of family tree, sharing joys and sorrows, and having a good time together.**
- ❖ Look for **interesting books** and **read** as much as you can about the **places and people.**
- ❖ **Read the newspaper on a daily basis** to remain updated and aware.
- ❖ **Practice some caring and sharing.** Reach out with a helping hand to those in need.
- ❖ **Be sensitive** to the needs of the creatures around you. A bowl of fresh water and food for birds and animals everyday would make a world of difference to them. Make it a daily habit.
- ❖ Encourage your child to take up **yoga** or any other form of **healthy activity** during the vacation.
- ❖ Involve children in **household chores.**
- ❖ Take good care of yourself. **Be physically active.** Eat well and drink plenty of fluids.
- ❖ Maintain a diary of your reflections on the above. It will remind you of the small things that brought you happiness and the learning that happened.

General Instructions:-

- ❖ Use **Holiday Homework** as an opportunity to spend quality time together. **The role of the parent is to be a facilitator and guide to steer the child in the right direction.**
- ❖ Bring **holiday homework creatively** done.
- ❖ **Original work by the child** shall be acknowledged.
- ❖ **Homework** will be assessed and awarded on the basis of **neatness and creativity.**
- ❖ **Follow the guidelines given by teachers** to complete specific activities.
- ❖ **A page of handwriting** to be practiced in a separate handwriting notebook for both **Hindi and English on a daily basis.**
