

Just think, think, and think,
Of things you can do,
To make yourself better,
Before the year's through
Resolutions can be tough,
Or simple as can be,
Making resolutions,
Are great for you and me!
So what will you promise?
To help yourself my dear,
Through the coming new year.

Dear Parents

Asian Greetings!

The long-awaited winter vacation is here, bringing with it the gift of togetherness. Vacation is the time for the children to explore their myriad interest and indulge in various activities which would lead to their all-round development. As the weather gets colder and the New Year draws closer, it reminds us of all the good things that winter brings along with it, like an escape into the rejuvenating holidays, warmth of a cosy blanket and a gala time with family & friends. To give our students the opportunity to have quality time with their family in the comfort of their homes, the school has scheduled the winter break from **17th December 2022 to 22nd January 2023**. The classes will resume from **23rd January 2023**.

Holidays inspire us to go beyond books and indulge in some creative art work or a hobby. This is also the time to do self-study and revise the concepts learnt. We would like our students to make the best use of their vacations and continue their journey for learning through revision worksheets and holiday homework, which is shared with them

Kindly follow these suggestions to make learning enjoyable

-  Encourage your ward to converse in English at home.
-  Encourage the students to read story-books- Read for pleasure- pick the newest book from your favourite series and read for fun. After reading, ask yourself questions such as, "Which is my favourite part?" or "Which character of the story I like the most and why?"
-  Do Word Building and Picture Reading to enhance their vocabulary communication and interpretational skills. Maintain reasonable bedtimes- with no school to get up for in the morning, follow a regular bedtime schedule and start your 2024 bright eyed!
-  Limit and promote selective watching of TV minimum to two hours.
-  Encourage self-responsibility- make your bed and clean your room daily.
-  Inculcate sharing habits -donate food or clothes to the needy or poor to spread the joy of sharing.
-  Encourage to stay positive, work hard, exercise regularly and eat healthy food.
-  Inspire your ward to avoid video games instead learn to play interesting games like Scrabble, Pictionary, Chess etc.
