

***Dear Parents and Children  
Greetings from The Asian School***

Vacation is the time for the children to explore their myriad interest and indulge in various activities which would lead to their all round development. It is not only a time for fun and frolic, but also a time to engage yourselves into some constructive activities to bring out the best in you. We, at The Asian School, have planned some activities and projects for you to develop a hands-on approach towards learning. The activities and assignments have been designed in a way to promote learning in all subjects and to develop “know-how” of certain aspects of the world around them while promoting and enhancing creativity among the students. These integrated exercises shall surely be a fun filled experience for all the children.

**A few tips for the students**

- Spend quality time with your parents. Try to learn from their experiences and anecdotes.
- Adopt a hobby.
- Spend time reading age appropriate literature like story books, novels and magazines. Try to find out some new words and look up their meaning in the dictionary to enhance your vocabulary.
- Avoid using mobile phones, watching television or playing video games the entire day. Spend time in the garden, observe nature, learn cooking or join a hobby class like painting, origami, karate etc.
- Adopt a fitness routine. This could include anything like playing outdoor games, yoga, morning exercises or even regular walks with your parents/grandparents.
- Help out at home. This will also earn brownie points with your parents and help you realize the importance of organization and cleanliness.

**A few tips for parents**

- Parents are requested to encourage their ward to do the homework independently. They can support the child if he/she needs help.
- Students should adhere to the instructions related to each assignment.
- Creativity and originality of the work will be appreciated.
- The child has to complete all the pending class work and homework.
- **All work on the internet will be done under parental guidance**
- Holiday homework would be graded. The homework should be completed by 10<sup>th</sup> July 2023. The students should submit their homework to the HRTs latest by 11<sup>th</sup> July 2023.

We hope that this summer break would be an engaging, useful and a fun filled one for our children.

***Regards  
The Asian School***
