Dear parent,

It 's a vacation time again, a time to relax as well as to fruitfully occupy the children and keep their energies well directed. We seek you to lend your support and motivate your child. We have planned some activities to keep the children positively engaged on the principle of "learning by doing" by his/ her holistic development.

Kindly ensure that the Holiday Homework is completed by the students under the guidance of the parents.

So here we start....

Fun with music:

Rhymes play an important role in the growth and development of children. It helps them to develop auditory skills, modulate voice and speech development. So, to enhance these skills and have fun with music, make your child listen to rhymes and can learn at least one rhyme.
