## From the Principal's Desk ...

**T**he unprecedented and havoc-wreaking Monsoons this Term have washed away a lot, but our spirits; which remain intact! Our refrain remains, 'come hail, rain or high water, we shall keep moving forward'. Also, as though by Divine intervention, the strains flowing into my office, from the music room upstairs, as I write this message, are of the choir singing, "I'm unstoppable".

July and August combined were chock-a-block with academic and co-curricular activities. Students

participated with equal gusto in quizzes, academic presentations, elocutions, Spell Bee and debates as they did in music, dance, painting and sports events - glimpses of which you will see on the pages of this edition of Potpourri. Students also participated and won accolades in 'out of the box' events like Business Pitch competitions and Model United Nations held in the Dehradun – Mussoorie region. Kudos to them and their mentors.

Yet another interesting and sensitive initiative by the students and Psychology teachers was the inauguration of the Psychology Club which will be addressing the issues of mental health among the students and adults alike.

To keep pace with academics and cover up for the days lost due to 'rain alert holidays', we tweaked the time table a bit – inserting early morning classes, reducing the duration of the Zero lesson and extending the duration of the regular lessons. With the cooperation of all concerned, this way, we were able to cover a large chunk of the lost ground.

It is also delightful to see students of class I to VIII, learning with joy in the STEM and Robotics classes. These activities have been judiciously curated in alignment with the concept being taught in the regular lesson, thereby further enhancing the comprehension of the concepts. Add to that the regular use of the smart and interactive boards with attractive visuals, graphs, videos et al that keep the students gainfully engaged. And probably that's the reason, that The Asian School has been ranked No 1 by Education Today, in Most impactful integration of Technology in Uttarakhand in the CBSE category.

Additionally, to keep students and teachers abreast with current pedagogical trends and social issues, three workshops were also conducted for the staff and students, who came away more aware and enriched.

However, the brightest spot in the school is the Pre-primary section, where the tiny tots, who have now settled into a school routine, gleefully partake in all the activities that their teachers thoughtfully plan out for them. Even a trip to the play area is an adventure for them and their joyous and sincere 'good morning, ma'am' can brighten the dreariest of days.

So, signing off on that cheerful note – Happy browsing!

## Labour Day

**"The dignity of labor depends not on what you do, but how you do it." - Edwin Osgood Grover**

**T**o honour their relentless, selfless work, the tiny toddlers of pre-primary and primary distributed sweets to the helpers of The Asian school to

show their gratitude towards our helpers on the occasion of labour day on 01 May.

## Tiny tots of The Asian School celebrate Summer

Summer Day was celebrated at 'The Asian school' under the theme, Seasons, on Friday, 12th May 2023. Children brought summer fruits, vegetables, umbrellas and

sunglasses. Teachers made the children aware of the benefits of eating seasonal summer fruits & vegetables and instructed them to wear hats & sunglasses to protect themselves from the heat

.All the teachers and children wore cool summer clothes .It was a wonderful day , with lots of fun and the children enjoyed themselves a lot.

## Father's Day, 2023

**D**addy, you are strong and tall, Stay by me and catch me whenever I fall. Batman, Spider-Man and Superman there be, I look up to you as my superhero to be. I will follow your steps,

wherever you go, You are my sunshine daddy, Daddy do you know! 'Blooming buds' of the 'Asian School' showcased their love and respect for their fathers on Father's Day with lots of fun and through various

activities such as card making, preparing shakes, singing melodies and with beautiful videos to wish them on this lovely occasion.

## Yoga Day Pre-Primary

**“Yoga is not just repetition of few postures, it is more about the exploration and discovery of the subtle energies of life” -Amit Ray**

**Y**oga not only enhances a person’s physical health, but it also balances their mental and spiritual well-being. Moreover, Yoga is the ideal exercise to maintain a strong immune system while also maintaining physical fitness. The Primary wing of The Asian School celebrated International Yoga Day with due dignity and respect on June 21st where children performed Yog asanas while staying at home and enjoying their vacation. So let's all add years to our life and life to our years just by embracing yoga in our lives.

Happy Yoga Day

## Monsoon Week

To celebrate the showers of the monsoon, we at 'The Asian school' celebrated the 'MONSOON JOY WEEK'. This week was aimed at creating awareness about the weather, animals and the things found during this season. Our children learnt about rainbows, clouds, umbrellas, gumboots and a lot more. The children recited poems related to the monsoon and participated in the creative activities where they had fun with colours and craft. They enjoyed making origami paper boats, designed umbrellas and models with clay.

## Artistic Skills at Display

The 'Asian School' moulds its student talents to their utmost enhancing their creativity and imagination skills. To boost their talent, an **Origami Competition** was organised on 31st July for the little ones where they actively participated in the competition and showcased their creativity and talent with the beautiful foldings made with square sheets of paper.

## Independence Day Celebrations: Pre-Primary

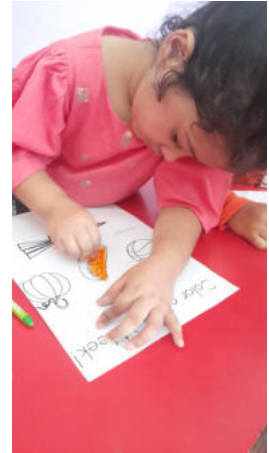

**T**heme: Freedom fighters and National leaders (11th August 2023). To celebrate the free spirit of India's 76th Independence day, our little leaders of The Asian School enjoyed coming dressed as freedom fighters of India. The motive of the activity was to connect children to our history and be respectful to our nation.

## Orange Day

Colours are the smiles of nature, so is the colour 'ORANGE'. The little Asianites dressed in the shades of vibrant orange colour to celebrate 'ORANGE DAY'. An array of orange colour objects were displayed in the class and the importance of the colour was delivered effectively with series of activities. The toddlers enjoyed colouring worksheets in 'ORANGE', carrot making, fork printing and made small models with orange clay.

## Workshop by Ms. Annie Singh

**“In order to help our children heal, we must understand and address the differences in their brain, body, biology and beliefs”.**

To justify the above thought, a workshop was organised for the junior school teachers of The Asian School. It was conducted by Ms. Annie Singh. Ms. Annie Singh is a renowned relationship counsellor for the past 15 years. She has been HOD of Psychology and English at the

Convent of Jesus and Mary Dehradun for 23 years. The basic essence of the workshop was to spread awareness among teachers regarding the different types of psychologies of children and how to deal with them more constructively and effectively.

## Yoga Day Primary

Yoga is not just the repetition of a few postures, it is more about the exploration and discovery of the subtle energies of life -Amit Ray

Yoga not only enhances a person's physical health, but it also balances their mental and spiritual well-being. Moreover, Yoga is the ideal exercise to maintain a strong immune system while also maintaining physical fitness. The Primary wing of The Asian School celebrated International Yoga Day on June 21st where children performed Yoga asanas while staying at home and enjoying their vacation.

## Harela

**H**arela is celebrated in the Indian state of Uttarakhand and some regions of Himachal Pradesh.

This festival marks the onset of the rainy season.

We at The Asian School want our students to grow up as environment-conscious citizens and spread the message of ecological conservation and be proud of their cultural heritage so keeping up the spirit students planted the saplings at the school and the surroundings. Here are some glimpses of it.

## STEM

**“Learning is an active process. We learn by doing.. Only knowledge that is used, sticks in your mind”**

In an attempt to make learning fun, the young achievers at The Asian School engaged in interesting, hands on activity- based learning. STEM classes for classes 1-4 were arranged wherein tough Math and science concepts were explained through interactive projects and activities.

## Workshop for Young Asianites by Dr. Neha Bahl

**B**efore puberty, the child's personality has not yet formed and it is easier to guide its life and make it acquire specific habits of order, discipline, and work.

A workshop for young Asianites was organised on 25th July, 2023 for them to better understand the changes they will undergo as they hit puberty. The

workshop was led by Dr. Neha Bahl, who was kind enough to spare her valuable time in spreading awareness. A fruitful, interactive session was conducted and with her patience and knowledge, Dr. Bahl answered all the questions that were put up by the young ones.

## Independence Day Celebrations: Junior Wing

The future of a country lies in the hands of the children. Children who love their country will always make us proud for there is no love purer than love for the country.

The Junior school celebrated the spirit of Independence Day by designing beautiful rangolis, enacting one-act plays, dressing up as freedom fighters for the fancy dress competition, decorating their house boards with the colours of national integration and showcasing their patriotism with utmost zeal and love.

Jai hind.

## Workshop by Dr. Veena Krishnan

There are many types of touch such as good touch, formal touch, bad touch, safe touch, unsafe touch, etc. In the last sentence, you must have noticed the word “bad”; yes, there is a bad touch too. Now, what does the touch mentioned above mean?

The speaker of the workshop, Dr. Veena Krishnan brought out the importance of the topic very beautifully and just on the level of the children. Children were taught the difference between family and strangers, which are the private parts of the

body and also how to differentiate between good touch and bad touch.. Children were also taught how to protect themselves in case of danger. Ma'am explained general expressions of Good Touch like a hug or a handshake. Children were able to understand the difference between a Good Touch and a Bad Touch. Ma'am also explained in detail that it is not only little girls but also little boys who need to be careful. She explained and asked the children to YELL AND TELL if they have such encounters.
