Dear Parents

Greetings from The Asian School!

Winter is here. We may not be surrounded by mountains filled with snow, but winter nonetheless has something whimsical to offer no matter where we are – warm clothes, a sip of hot cocoa or simply a lazy snuggle in the blanket. But what it also brings with it is the much-awaited winter vacation. Vacation is the time for people to get together and meet their friends and relatives. It also provides a great opportunity for the children to explore their myriad interest and indulge in various activities which would lead to their all-round development. As the New Year is round the corner, it reminds us of all the good things that happened this year and allows us to build hopes for the upcoming one.

To give our students the opportunity to have quality time with their family in the comfort of their homes, the school has scheduled the winter break from **15th December 2023 to 21st January 2023**. The classes will resume from **22nd January 2024.**

Holidays are not only a time to indulge in some creative art work or a hobby, but also the time to do self-study and revise the concepts learnt. We would like our students to make the best use of their vacations and continue their journey for learning through revision worksheets and holiday homework, which is shared with them. We believe homework during the break is a great opportunity for students to keep up their academic learning, while also having some time for relaxation

Our aim is to provide homework that will consolidate what the students have learned during the term and also allow them to explore new ideas and become independent learners. This homework will therefore be a valuable tool for your child's continued growth and development.

We would like to remind you that homework should be a shared experience between your child and yourself. We hope that you will take an active role in supporting your child to complete this work, while allowing them to enjoy the winter break.

The homework will be explained to your child by their teachers and outlined in a document that they have been provided. Should you have any questions or concerns regarding the homework, please do not hesitate to speak to your child's teacher.

Instructions for the Holiday Home work:

Note: -

1. Holiday Homework carries marks; hence submission of work post vacation is compulsory for all students.
2. Written Homework of all the subjects: - English, Hindi, Science, Mathematics, Social Science and computers are to be done as per the instructions.
3. The Holiday work must be done in a very neat and presentable manner.
4. The child will be assessed for the content, handwriting, presentation, neatness and completion of all the given questions.
5. Enrich your vocabulary by learning the vocabulary words from Hindi & English textual books.
6. Subject teachers have further imparted specific Instructions on each worksheet. Before attempting the questions, you must read them thoroughly.
7. Holiday Homework is a part of Subject Enrichment Activity

Thank you for your continued support in your child's education. We wish you all a safe and happy winter holiday

Regards

The Asian School
